

Invitation to submit Aerial Photography

Aerial Visions of Seaplanes, From Seaplanes and Over Water

A Curated Exhibition Opening April 22, 2023

Submission Deadline: April 3, 2023

You are invited to submit work for consideration to the curated aerial photography exhibition entitled: *Aerial Visions of Seaplanes, From Seaplanes and Over Water*.

Exhibition curators are looking for air to air and air to land photographs of seaplanes, aerial photographs taken from seaplanes or floatplanes and aerial photography created over water and of water environments.

The over water category is intentionally broad and includes aerial photographs of and created over oceans, lakes, glaciers and river deltas. Aerial photographs in this category may be created from any flying platform including airplanes, helicopters, gyrocopters, balloons, gliders and drones.

The exhibition opens at the *Clear Lake Aviation Gathering*, a two day conference which takes place at Lampson Field Airport (1O2), Lakeport, California on April 22 and 23.

Details about the conference are available at:

The exhibition organizers intend to maximize the marketing benefits to exhibited photographers. Those marketing benefits include:

- 1) Highlighting exhibited photographers in a conference session discussing their work.
- 2) Inclusion of each exhibited photograph together the photographer's name and web site in both the printed and online versions of the conference program.
- 3) At photographer's option, inclusion in several planned follow up exhibitions and projected productions, and
- 4) A briefing to the media attending the exhibit about the work of the photographers included in the exhibit.

Media coverage confirmed to date: Annamarie Buonocore, the associate publisher of *In Flight USA* has registered for the conference and will be writing about it. *Water Flying*, the monthly magazine of the Seaplane Pilots Association has committed to including an article about the conference in the issue directly following the conference.

The conference organizers anticipate additional representatives of the media will be attending the conference.

Attendees at the *Clear Lake Aviation Gathering* will vote for their favorite exhibited photographs.
